

BUY YOUR RAIN BARREL

Don't let good water go to waste.

Capture rainwater from your roof and use it later when it's dry outside to give thirsty gardens, flowers and trees a drink. Rain barrels also help prevent rain from becoming polluted stormwater runoff—the biggest remaining threat to clean rivers and lakes. Since 2002, with the help of our Fresh Coast Guardians, MMSD rain barrels have managed over **1 MILLION GALLONS** of stormwater.

\$60

BARREL WITH
DIVERTER KIT

EASY TO INSTALL

Don't want to cut off your gutter?

NO PROBLEM. Our rain barrel with diverter kit includes everything you need for an easy installation.

Purchase the rain barrel setup that includes both, the barrel and the diverter kit, for \$60.
